The image shows a screenshot of a Python IDE with a dark theme. The top toolbar includes icons for Run, Debug, Stop, Share, Save, and Beautify. The language is set to Python 3. The editor window shows a file named 'main.py' with the following code:

```
1 light=int(input("Enter the value: "))
2 while True:
3     if light>=1 and light<=10:
4         print('Green Light')
5         light += 1
6     elif light<=20:
7         print('Yellow Light')
8         light += 1
9     elif light<=30:
10        print('Red Light')
11        light += 1
12    else:
13        light = 0
14    break
```

Below the editor is a console window titled 'input'. It shows the program's execution:

```
Enter the value: 30
Red Light

...Program finished with exit code 0
Press ENTER to exit console.
```
